DIGITAL TECHNOLOGIES ENRICHMENT PROGRAM

Wyong Public School students in Stages 1-3 have the opportunity to be involved in an enrichment program in the area of technology and computing. The program is strongly aligned with the Australian Curriculum and NSW Syllabus outcomes.

Stage 1 (Year 1 & 2) – 3D Printing and Design

Students learn how a 3D Printer works. They learn all about manipulating a work plane, how to manoeuvre camera angles and when to use the align tool to enhance their project. These are just a few of the techniques they will learn with the end result being to design a futuristic robot or awesome boat. Some students will also get their project printed. Each student will receive a 3D Printed object at the end of the course.

Stage 2 (Year 3 & 4) – App

Students learn the importance of not only creating an app but its design features. Have they chosen the right font? The right colour? Is their app visually appealing? They also learn how to code certain aspects of their app such as text input areas, drop downs, check boxed, radio buttons and a slider. Even a simple button to take them to the next screen or to the top of the current page. The last few weeks sees them working on a fun and collaborative project.

Stage 3 (Year 5 & 6)

Robotics is more than just coding a robot to move. In this course, students experience the full robotic experience.

They build it – complete with screwdrivers and screws!

They wire it – expanding on their electronics skills!

They code it – using their coding knowledge in a real world environment!

WHEN: Thursday, 28th May 2021 – Thursday, 25th June 2021

WHERE: Wyong Public School's Hall

WHO: Stage 1-3 Students (limited numbers)

WHAT: All equipment provided by SCOPE IT team

COST: \$60.00 families can use the creative kids vouchers (limited positions)

CLOSING DATE: Complete the permission note below and return with payment of \$66.00 per student by Friday, 21st May 2021 (limited positions).
PAYMENTS WILL NOT BE ACCEPTED AFTER THIS DATE.

Special Instruction: Money will not be refunded if students miss a week.

Thank you

Mrs K Adams
iCentre Teacher
